		Very strong	Strong	Substantial	Moderate	Slight	no impact	Slight	Moderate	Substantial	Strong	Very strong
<p><b>Influencing:</b> <i>The tendency to try to persuade others</i></p> <p>Narrative: Andrew very often engages in persuading and influencing others. Assuming he has the right balance of other interpersonal traits, Andrew is likely to be skillful in expressing his ideas to staff, co-workers and/or clients. This will probably have a slightly positive impact on this behavioral competency.</p>	8.1											
<p><b>Open / reflective:</b> <i>The tendency to reflect on many different viewpoints</i></p> <p>Narrative: Andrew enjoys reflecting on different ideas and opinions and is generally open-minded. Andrew is likely to be good at brainstorming. This will probably have a slightly positive impact on this behavioral competency.</p>	8.2											
<p><b>Takes Initiative:</b> <i>The tendency to perceive what is necessary to be accomplished and to proceed on one's own</i></p> <p>Narrative: Andrew very often tends to take initiative. This initiative will help him to achieve objectives. It is very important that the employer provides opportunities for initiative and guidelines regarding the type of initiative that can be taken. Otherwise, the initiative could be contrary to expectations. This will probably have a slightly positive impact on this behavioral competency.</p>	8.7											
<p><b>Tolerance Of Bluntness:</b> <i>The level of comfort related to receiving abrupt or frank communications from others</i></p> <p>Narrative: Andrew is quite tolerant of people who are blunt. This will probably have a slightly positive impact on this behavioral competency.</p>	7.8											
<p><b>Truth Exploring:</b> <i>The tendency to explore different viewpoints and formulate conclusions without becoming fixed in one's opinions</i></p> <p>Narrative: Andrew has a tendency to explore different viewpoints and formulate conclusions without becoming fixed in one's opinions. ## Innovation

**Experiments with different ways to improve processes, efficiency, and/or effectiveness while maintaining focus on the desired objective or result.**

This report identifies the specific factors related to this Innovation behavioral competency and shows how the employee's score for each related factor impacts success for this behavioral competency.

Essential traits <i>(in order of importance)</i>	Andrew's Score	Negative Impact < > Positive Impact													
		Very strong	Strong	Substantial	Moderate	Slight	no impact	Slight	Moderate	Substantial	Strong	Very strong			
<p><b>Analytical:</b> <i>The tendency to logically examine facts and situations (not necessarily analytical ability)</i> Narrative: Andrew tends to analyze problems and decisions and enjoys it. This will probably have a slightly positive impact on this behavioral competency.</p>	7.5														
<p><b>Enthusiastic:</b> <i>The tendency to be eager and excited toward one's own goals</i> Narrative: Andrew tends to be quite enthusiastic about his goals. If Andrew's goals are in alignment with the organization's objectives, he will probably have a drive to achieve those objectives. This will probably have a slightly positive impact on this behavioral competency.</p>	8.2														
<p><b>Experimenting:</b> <i>The tendency to try new things and new ways of doing things</i> Narrative: Andrew moderately enjoys trying new things and may at times experiment with new ways of doing things. This will probably have a slightly negative impact on this behavioral competency.</p>	6.4														
<p><b>Open / reflective:</b> <i>The tendency to reflect on many different viewpoints</i> Narrative: Andrew enjoys reflecting on different ideas and opinions and is generally open-minded. Andrew is likely to be good at brainstorming. This will probably have a slightly positive impact on this behavioral competency.</p>	8.2														
<p><b>Persistent:</b> <i>The tendency to be tenacious despite encountering significant obstacles</i> Narrative: Andrew is very determined and perseveres with a task despite many obstacles. This will probably have a somewhat positive impact on this behavioral competency.</p>	8.6														

<b>Essential traits</b> (in order of importance)		Andrew's Score	Very strong	Strong	Substantial	Moderate	Slight	no impact	Slight	Moderate	Substantial	Strong	Very strong	
Negative Impact < > Positive Impact														
<b>Research / learning:</b> <i>The enjoyment of gathering and comprehending new information</i> Narrative: Andrew does not enjoy having to research or learn new information as part of his work. This will probably have a negative impact on this behavioral competency.	3.4				●									
<b>Takes Initiative:</b> <i>The tendency to perceive what is necessary to be accomplished and to proceed on one's own</i> Narrative: Andrew very often tends to take initiative. This initiative will help him to achieve objectives. It is very important that the employer provides opportunities for initiative and guidelines regarding the type of initiative that can be taken. Otherwise, the initiative could be contrary to expectations. This will probably have a somewhat positive impact on this behavioral competency.	8.7						●							
<b>Desirable traits</b> (in order of importance)		Andrew's Score	Very strong	Strong	Substantial	Moderate	Slight	no impact	Negative Impact <					
<b>Optimistic:</b> <i>The tendency to believe the future will be positive</i> Narrative: Andrew tends to be extremely optimistic and cheerful. Andrew's positive attitude will be very beneficial when dealing with staff and co-workers. This will probably be sufficient for this behavioral competency.	9.5							●						
<b>Organized:</b> <i>The tendency to place and maintain order in an environment or situation</i> Narrative: Andrew probably prefers not to do much organizing. He may do the minimum amount of organizing necessary and may occasionally lose efficiency. This will probably have a slightly negative impact on this behavioral competency.	3.9				●									
<b>Collaborative:</b> <i>The tendency to collaborate with others when making decisions</i> Narrative: Andrew only moderately enjoys collaboration and probably only gives moderate importance to collaborating with others in the decision-making process. If Andrew is making important decisions that could benefit from collaboration, it might be wise to require collaboration before the final decision can be made. This will probably be sufficient for this behavioral competency.	4.7							●
